That's a wrap on the 2023 Wisconsin Digital Symposium!

What a day it was!

We gathered virtually on May 25 at our second annual Wisconsin Digital Symposium, where we welcomed incredible speakers to the stage to discuss digital transformation and innovation. Thank you to everyone who was able to join us and contribute their questions and thoughts along the way.

For anyone who missed it, you can still register to catch the sessions on demand!

UWEBC Featured Member: Vicky Heinz from Madison Gas and Electric
This month we are thrilled to feature Vicky Heinz, the overseer of credit collections and customer assistance functions for Madison Gas and Electric! As she nears retirement, she shared her experience with the UW-E Business Consortium and the benefits it has provided her throughout her career.

Vicky's involvement with UWEBC began when she was working for Lands' End in the late 90s. As UWEBC was getting up and running during this same period, Lands' End was experiencing tremendous growth and was looking for ways to help develop its leaders, and UWEBC became a valuable resource for the company. Over the years, Vicky has been employed by five different organizations that are UWEBC member companies, and she has graciously taken on the role of champion for the UWEBC membership whenever she has had the opportunity to do so.
Automating Customer Service Processes

As companies strive to improve efficiency, reduce costs, and enhance the customer experience, the prevalence of process automation in customer care teams continues to grow in today's business environment. Companies must combine automation with human expertise and empathy to provide a superior customer experience that meets the needs and expectations of all their customers.

Our Customer Service Peer Group meeting on May 18th discussed this topic in-depth, led by UWEBC's Customer Service Practice Director Matthew Cone, with featured presentations from Brian Hagel of Kohl's about Contact Center Automation and Nick Carpenter of Esker about Order Management examples and more.

Welcome New Member: Capital Insurance Group (CIG)

We are so pleased to announce a new UWEBC member: Capital Insurance Group (CIG), the West Coast’s leading property and casualty insurer.

For over a century, they have been committed to protecting and restoring communities while building strong relationships with policyholders. CIG provides reliable insurance protection, professional advice, and caring, responsive service.

On behalf of the UWEBC, we are so excited to welcome CIG and have them as part of our community!

Registration closes today for upcoming UWEBC Boot Camp – Don’t miss out!
Strategy Activation Boot Camp on June 12-14, 2023

Strategy Activation is the art and science of persuading people to align around, engage with, and adopt new ways of working in order to achieve a shared vision. In this Boot Camp, you will move from feeling frustrated that you can't get people on board with change to effectively applying a powerful process that moves people from alignment to adoption and developing a strategy activation plan tailored to your organization. The course will provide you with the tools, skills – and confidence – to see your team through the successful execution of your current and future change initiatives.

Today is the last day to register to secure your spot.
